

THE YEAR OF THE DOG!

As the Chinese tradition has it, this year is the Year of the Dog!

Some might ask: what is the connection? Well... Reading carefully through some of the qualities of this sign we can easily notice similarities with Citynet: determined, sincere, loyal, decisive and not afraid of any difficulties encountered along the way. Therefore, we will continue enjoying harmonious relationships with our broker partners and underwriters. We'd say this is a good sign! Cheers!

Star signs aside, the first two months of 2018 have been very positive with the introduction of new products and significant new business income being generated in partnership with our retail brokers.

This positive start to the year has merely laid the foundation for what we expect to be another record breaking year for Citynet. We never lose sight of the fact that we must strive to be better, continue to improve and never rest on our laurels.

We fully expect to be able to continue our growth and this will involve further innovative product launches as well as seeking to improve all aspects of our service.
