

## Services Haulage...

Citynet is uniquely placed to be able to offer the most wide-ranging access to markets in London for Haulage placements which includes 'exclusive' access to capacity providers that our day to day competitors cannot obtain.

Other markets we have access to, are targeting the clean running end of the Haulage market therefore we are prepared to place their minimum exposure rates below that of their market competitors. As such, Citynet has the ability to place Haulage risks regardless of performance with an unrivalled number of potential carriers.

### Why choose Citynet?

Citynet has unlimited access to markets for a wide range of commercial vehicle fleet operators. Our close proximity to Lloyd's of London means that we are ideally poised to offer extremely competitive terms with a very quick turnaround time.

- Extensive market coverage
- Access to your specialist Account Handler
- Competitive industry leading premiums and commissions
- Personal and very flexible approach to suit your clients' needs
- Cover available for the UK and continental use
- Professional and experienced team

### What do we cover?

We can consider all types of fleet business, including but not limited to:

- Hauliers (including continental)
- Hazardous goods carriers
- Waste disposal
- Bus and coach operators
- Car transporters
- Business car and van
- Self-drive hire
- Credit hire
- Private and public hire

### Why choose Citynet?

Policies vary widely and we are not only making sure your clients take out cover at the right price but that they have the right product for their work needs. Cover includes but is not limited to:

- Commercial Combined covers can be arranged very competitively for all types of (including port-cabins and temporary buildings)
- Goods in Transit Cover can be arranged for the owners of the goods or the Company transporting them
- Combined Liability can either be included with the property or placed separately for Employers and Public Liability on our specially designed policy for Haulage Contractors and Freight Forwarders which is competitively priced
