

CITYNET

LLOYD'S BROKER

Property Insurance

Whether your clients are owners, investors or property developers, Citynet's Property Owners team specialises in diverse, difficult to place or unusual risks providing bespoke insurance solutions to meet their individual needs..

The Property sector is changing rapidly. Factors such as rising construction costs and land prices, property losses from fires, natural hazards, or terrorism as well as data breaches and cyberattacks can damage the property market share, revenue, and brand equity.

We have bespoke underwriting facilities and binders, most with delegated underwriting authority. The ability to quote risks in-house means we are able to provide a first-class service to our brokers with quick turnaround on quotes and prompt issuing of policy documentation.
